

“This would have to be one of the best clear finishes for hardwood that I have ever used in my 38 years as a chartered architect. We used it on a dressed blackbutt structure that is part of an outdoor dining space at a coastal restaurant and it has performed beyond expectations”

Stuart R Whitelaw,
Whitelaw Associates

Timber Seal for Furniture and Decking

A seasoned timber and decking finish that penetrates and preserves the timber.

- Repels moisture
- Protects against wood rot
- Extends the life of the timber
- Prevents drying, splitting and end grain swelling
- Highlights the natural grain
- Rejuvenates laminate and dressed timber
